Due to the operational sensitivity of Hunt's assignment, ni request for relief on his housing costs was bandled by Mr. Thomas Karamessines, an 15 sept 1965 mr. Kammessuner approved his being a 15/35 % bosis for the excess allowable costs 60 00 above his warters allowance. (1) memo cated Feb 1, 1974 re General Gaylor's recollections be regarding his knowledge of the writings of mr. Hunt and any official who might be aware of the -circumstances involvement in that effort, a "the became aware that thust while in with was accomplishing a steady flow of say books, and that security approval was not leing requested on the manuscripts before submission to published Gen. Gaynor he raised he issue up front"

The reaction he received to his raising the usu e was that "keep your stinking note out at this business." He stated that he was lead to believe that me Helms desired improve the image of the intilligence profession and the and that Hunt's books were a part of the progra to do so. He stated that he was rever told outright that the case but the responses he received lead to believe this was the case." He suggested two people who night clear the issue-Ray Roma and walter Pfaizherrer "both of whom were involved in the "image" materials. "He stated that Pfarzheimer seemed to be awars of all the details - on on up to date basis - of Hunt's departuce from the egency to join the public relations from to the degree that Gen. Hunt had acted in any capacity in cooperation with Counter Intelligence Operation ._ When efortheimer dixovered Hint had written On Hazardow Du'y he called Karamessines mr. P recalled that from the nature of our kgramessines reaction that he had uncovered a sensitive matter of senior officer concern Within 5 minutes Helms called Prochemer who remembers the substance of the conversation being "for Christ

sake walter, thuis the first book to come along and saw

something good about the Agency " "why not leave the Goddom thing alone" mr. P believed tha Helms or karamessine answer the question of whether Hunt had sponsorship for his books The memo states that Hunt was assigned to the office of the Deputy Director for Operation in Feb 1965. The first book ux a published June 1965 - through Sept 1966, thust was assigned to madrid as a contract agent. 1966- 3 books 1967 - 1 book 1968 1969, 19-11, \$ 1972 - 1 book/ye April 30, 1970 - thint afficially stored as an Agency staff employee "The office of Security records did not develop any indication that any of the David St. John manuscript were ever submitted for review in accordance with Agency regulations. 9- memo for record - Feb 6, 197 1 3 Subj: Possible Agency Sponsorship of the Davice st. John Novels. A conference was held with people from the J 6 office. The speculation on entertained that mr. E. Howard Hunt had, in fact, been under Agency sponsorship with the knowledge of mr. Richard Helms preparation of a series of spy navels under the pseudonym, David St. John ... It is a be accepted as a reasonable supposition that mr. Hunt had some highly compactmented financial accongement authorized by senior Agency officials to write these books, then it is likely that this relationship continued after mr. thint officially retired. " minutes from the Office of Legislature Counsel made references to a concern of Senator Baker over an alleged: inancial relationship

me Helms and me that which continued subsequent to me that's
formal retrement haker made reference to a payment
of some. 30,000 with the parenthetical comment that
or. Helms would not have that consist of money from his
private hinds a Employee of To staff apparence that "if
the Agency had sponsored the St. John books, it was likely
that mr. Hunt had so informed Serator Baker."
(a) Totarulew with Rayand Doca - Feb 14, 1974 - Asked about
financing of thint. " Mr Access sesponsed "an the record" that he
has no knowledge of any such arrangements nor at any time was
he party to any assistance of or any requests for assistance
to mr. Hunt. " Ventured opinion that in all probability an official
acquies cence on the part of senior o ficials might have been
mudwed rather than an afficial sponsorship.
1 interview with Chief, Contract Personnel Division
15 Feb 1974. Stated that " although it was not common
practice it was not entirely unusual for highly sensitive
cuatracts to be administered without the contracting
officer being aware of the operational objective moved."
@ intercuew with former this of Support, western European
Division - 1985 Dak: 15 Feb 1974. Asked to Hunth activities in 1965
from his recollection it was Hunt's habit to deal only with
the most senior officer available. "He was never briefed on the
purpose of mr. Hunth mission. "
